Company Registration No. 32266355

**Restructuring proposal adopted by creditors**

**Copenhagen, Denmark, May 30, 2022** – Orphazyme A/S in restructuring (ORPHA.CO; ORPH) (“Orphazyme” or the “Company”), a late-stage biopharmaceutical company, announces that today an in-court meeting was held where the restructuring proposal as published by the Company through company announcement no. 26/2022 on May 18, 2022, was approved by the Company’s creditors and affirmed by the Danish Maritime and Commercial High Court in accordance with sections 13 d and 13 e of the Danish Insolvency Act.

Following the adoption of the restructuring proposal, the restructuring proceedings will be discontinued with immediate effect in accordance with the approved and affirmed restructuring proposal. In continuance hereof, Orphazyme will transfer of substantially all of its assets and business activities to KemPharm Denmark A/S (please see company announcement no. 24/2022). Subsequently Orphazyme will pay the undisputed debts to its creditors in accordance with the restructuring proposal.

**About Orphazyme**

Orphazyme is a late-stage biopharmaceutical company developing arimoclomol for Niemann-Pick disease type C (NPC). Orphazyme is headquartered in Denmark. Orphazyme’s shares are listed on Nasdaq Copenhagen (ORPHA).

**About arimoclomol**

Arimoclomol is an investigational drug candidate that amplifies the production of heat shock proteins (HSPs). HSPs can rescue defective misfolded proteins and improve the function of lysosomes. Arimoclomol is administered orally, and has now been studied in 10 Phase 1, four Phase 2, and three pivotal Phase 2/3 trials. Arimoclomol has received Orphan Drug Designation (ODD) for NPC in the US and EU. Arimoclomol has received Fast-Track Designation (FTD), Breakthrough Therapy Designation (BTD), and Rare Pediatric Disease Designation (RPDD) from the U.S. Food and Drug Administration (FDA) for NPC. On June 17, 2021, Orphazyme received a Complete Response Letter from the FDA regarding its New Drug Application for arimoclomol for the treatment of NPC. The company has requested a type B-meeting to be held early Q3 2022.

**Forward-looking statement**

This company announcement may contain certain forward-looking statements under the U.S. Private Securities Litigation Reform Act of 1995 and otherwise, including forward-looking statements about the Company’s restructuring process and the Company’s sale of substantially all of its assets and business activities to KemPharm Denmark A/S. Although the Company believes its expectations are based on reasonable assumptions, all statements other than statements of historical fact included in this company announcement about future events are subject to (i) change without notice and (ii) factors beyond the Company’s control, including pursuant to regulatory or judicial intervention. Except as required by law, the Company assumes no obligation to update these forward-looking statements publicly, or to update the reasons actual results could differ materially from those anticipated in the forward-looking statements, even if new information becomes available in the future.

## Orphazyme completes sale of substantially all of its assets and business activities to KemPharm

**Copenhagen, Denmark, May 31, 2022** – With reference to company announcement no. 24/2022 dated May 15, 2022, regarding the signing of an agreement to sell substantially all of the Orphazyme’s assets and business activities to KemPharm Denmark A/S, a wholly owned subsidiary of KemPharm Inc. (KMPH: NASDAQ, NY), (“KemPharm”), and company announcement no. 28/2022 dated May 30, 2022, regarding the approval of the restructuring proposal, Orphazyme A/S (ORPH) (“Orphazyme” or the “Company”), today announces that it has completed the sale of substantially all of its assets and business activities for a cash consideration of USD 12.8 million and assumption of liabilities estimated to equal approximately USD 5.2 million (the “Sale of Assets”) to KemPharm following the adoption of the restructuring proposal.

Following completion of the Sale of Assets to KemPharm, Orphazyme will no longer have any material ongoing operational business activities and KemPharm will retain all of Orphazyme’s remaining Danish employees, to continue the early access programs with arimoclomol, and to continue to pursue the potential approval of arimoclomol as a treatment option for NPC.

“We are very pleased to have completed the Sale of Assets to KemPharm given the situation of Orphazyme under in-court restructuring, as the deal is able to satisfy our obligations towards creditors and employees and given that KemPharm has a special interest in taking ownership of arimoclomol and continued pursuit of developing arimoclomol in the hope of making it available for NPC patients,” stated Georges Gemayel, Chairman of the Board of Directors of Orphazyme.
